

Summer Omics & Bioinformatics Workshop

July 7-9, 2015

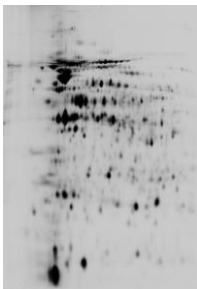

Hands-on Training & Experience

Overview

- Introduction to Mass Spectrometry
- Sample Preparation
- New Instrumentation
- Data Acquisition & Interpretation
- Case Study in Proteomics

Applications

- Molecular Weight Measurement
- Protein Identification
- Protein-Protein interactions
- Post-translational Modifications
- Quantitative Proteomics

Instructor: YuanYu (Kent) Lee, Ph.D., IIRMES Omics Director, CSULB

To register for the workshop: form attached, or go to:
www.iirmes.org or www.csulb.edu/BUILD/idc/resources.html

***Deadline** for the applications **June 30, 2015**

Limited seats are available . . . register ASAP!
